- TailwindCSS

PROFILE

Currently, I have completed the Najot Ta'lim Frontend course and have gained much more knowledge than before. The main technologies I learned during the course are React.js, Next.js, Redux Toolkit, TypeScript, Tailwind CSS, and Git. I am now looking forward to applying these skills in real-world projects and continuing to improve as a frontend developer.

WORK EXPERIENCE

Intern / Personal Projects   2024-present

Frontend

- Developed multiple responsive web applications using React.js and Next.js
- Integrated APIs and handled data using Redux Toolkit and RTK Query
- Created a small E-commerce website with product filtering, sorting, pagination, and categories
- Implemented clean and responsive UI using Tailwind CSS
- Continuously improved problem-solving and debugging skills while developing personal projects
